MEMORANDUM

To: Council Members

From: Staff

Date: October 15, 2010 Council Meeting

Subject: Intergovernmental Coordination and Review Log

The attached Intergovernmental Coordination and Review (ICR) Log presents one application for federal funding of projects or programs. The Review Log contains the applicant’s name, project location, project description, federal funding source, and the amount of funds requested, as well as designation of Notification of Intent if it is a preliminary application. Staff recommendations are provided on the consistency of funding applications with the Strategic Regional Policy Plan.

INTERGOVERNMENTAL COORDINATION AND REVIEW LOG

TCRPC Number: 10-PB-09-01 SAI# FL201009075442C

Applicant: Florida Army National Guard

Project Description: Environmental Assessment for Expansion of Parking at the West Palm Beach Callaway Armed Forces Reserve Center

The Florida Army National Guard proposes to construct additional parking at the West Palm Beach Callaway Air Force Base and is submitting an Environmental Assessment to evaluate the potential environmental impacts associated with the proposed expansion. The Base is located in Palm Beach County, to the south of Palm Beach International Airport and to the west of Interstate 95. There are approximately 6 acres of undeveloped land within the property boundaries which will be utilized for the additional parking.

The primary purpose of the proposed expansion is to provide adequate onsite parking for a wide range of military vehicles. Due to limited space, the equipment is currently stacked two to three trailers high which creates a safety hazard. If the equipment is not stacked onsite it must be stored at a remote location. When equipment is stored offsite the National Guard’s humanitarian missions will be severely impacted due to increased response time from 12 hours to 72 hours.

Based upon the analyses presented in the Environmental Assessment, it appears that the proposed construction would not result in potentially adverse and significant impacts on environmental resources. A Finding of No Significant Impact will be prepared.

Funding Agency: None

Project Costs: N/A

Recommendations: The project is neither inconsistent nor in conflict with the Strategic Regional Policy Plan.
