Introduction

The Community Planning Act, Chapter 163, *Florida Statutes*, requires that the regional planning council review local government comprehensive plan amendments prior to their adoption. The regional planning council review and comments are limited to adverse effects on regional resources or facilities identified in the strategic regional policy plan (SRPP) and extrajurisdictional impacts that would be inconsistent with the comprehensive plan of any affected local government within the region. Council must provide any comments to the local government within 30 days of the receipt of the proposed amendments and must also send a copy of any comments to the state land planning agency.

The amendment package from the Village of Palm Springs contains a proposed change to the Future Land Use (FLU) Map of the comprehensive plan. This report includes a summary of the proposed amendment and Council comments.

Summary of Proposed Amendment

The proposed amendment is to change the FLU designation from Urban Center (Palm Beach County) to Commercial (Village of Palm Springs) on a 12.01-acre property that was recently annexed into the Village. The property is located at 4241 Lake Worth Road and is currently developed with a Home Depot store. The subject property is primarily surrounded by properties with pending Commercial or existing Medium Density Residential FLU designations.

Regional Impacts

No adverse effects on regional resources or facilities have been identified.
Extrajurisdictional Impacts

The proposed amendment was circulated by the Palm Beach County Intergovernmental Plan Amendment Review Committee Clearinghouse Coordinator on October 14, 2014. No extrajurisdictional impacts have been identified.

Conclusion

No adverse effects on regional resources or facilities and no extrajurisdictional impacts have been identified.

Recommendation

Council should approve this report and authorize its transmittal to the Village of Palm Springs and the Florida Department of Economic Opportunity.
