Michael J. Busha, Executive Director
Treasure Coast Regional Planning Council
301 East Ocean Boulevard
Suite 300
Stuart, FL 34994

Dear Mr. Busha,

I appreciate you and Marcela giving your time to discuss a charrette for the Taylor Creek area at our meeting on Tuesday, August 22, 2006. We are interested in initiating this planning activity as a joint project between the City of Fort Pierce and St. Lucie County. I have since spoken with Bob Nix, Director of St. Lucie County Growth Management, to elicit their participation. Their staff is, as we are, excited about the opportunity this project provides.

Please consider this as a letter of commitment from the City of Fort Pierce to participate in this charrette. I understand that an equivalent letter will be sent from St. Lucie County. When you are ready to take the necessary next steps, please contact me with how to support you in moving forward.

Many thanks,

Kara Wood
Urban Design Administrator
