

Help Plan Your Future Transportation System

The Indian River County Metropolitan Planning Organization (MPO) will be hosting a regional land use and transportation Workshop to kick off the MPO's 2035 Long Range Transportation Plan update, which must be adopted by December, 2010. The Treasure Coast Regional Planning Council will lead a discussion of topics such as the Transportation-Land Use connection, future growth scenarios, and transportation and economic development. The workshop will be held on Saturday, March 14th, 8:30 am – 1:00 pm at the Vero Beach Community Center in Pocahontas Park.

Your cooperation in the update process is appreciated. Please keep in mind that the MPO will be hosting several workshops at various locations in the county as the Long Range Plan evolves.

This important planning effort is being sponsored by the Indian River Metropolitan Planning Organization, Indian River County, and the Treasure Coast Regional Planning Council.

Well-planned transportation options are vital to a high quality of life
