NOTE TO READERS

The following is a draft Intracoastal Waterway Plan for Palm Beach County developed for the Palm Beach Metropolitan Planning Organization in a public process facilitated by the Treasure Coast Regional Planning Council. This plan was created with the guidance of a project steering committee and with public input generated during a public planning charrette conducted in May 2008.

This draft document is circulated for the purposes of review and refinement of the general concepts, analysis, findings, and recommendations contained herein.
