Kevin Thibault, executive director of Florida Rail Ente speed rail plans, and the state is moving forward with

Private companies have expressed an interest in a pæ

If Scott decides not to build it, the federal government another state. Ohio and Wisconsin refused money aft their money is now going to Florida.

Mica said he supports efforts to get people out of cars different transportation elements haven't come together.

"The people mover here in Jacksonville was built 30 years too soon," he said, referring to the Skyway. "It anything connecting to it."

A commuter rail system in Jacksonville would help the Skyway, and Mica urged officials to look at the ne International Airport that is designed to encompass rail, air travel, buses and future high-speed rail.

That would be a good long-term model for cities like Jacksonville, and hopefully high-speed rail would ev

The state plans to extend high-speed rail from Orlando to Miami. A Jacksonville connection would be nex

The two most likely routes would parallel the CSX tracks from Orlando or have the system run next to the Thibault said.

No tax dollars should go to

By [palmreader](#) | [01/19/11 - 08:04 am](#)

No tax dollars should go to this train it will benefit only Disney and Busch Gardens. It would hurt all busi What waste of money.

They're ALL tax dollars!!!

By **John Galt** | 01/19/11 - 11:21 am

They're ALL tax dollars!!! What a moron. Mica needs to go home and the sooner the better.
