Subject: Reintroduction of Amtrak Passenger Service on the FEC Corridor in Florida

Dear Governor Crist:

I am writing to express the strong support of the Main Street Vero Beach, regarding the reintroduction of Amtrak passenger service on the FEC Corridor along Florida's east coast. Indian River County was formed historically with the introduction of Flagler's railroad in the early 1900s, and our community flourished with the easy interconnectivity provided by rail transit.

Amtrak passenger service along the coastline is a missing piece of the transportation network in Indian River County. Passenger train service would expand tourist access, expand economic development opportunities, improve interconnectivity, and expand quality of life opportunities for our residents. Transit is also a critical component of a sustainable transportation network, one that will help promote Florida's green economy and improve energy independence.

The Board of the Main Street Vero Beach resoundingly requests your office prioritize the Amtrak project (termed the "Intercity Rail Component of the FEC Corridor Project"), from Jacksonville to Miami, as part of the Federal economic stimulus package for the State of Florida and as a component of the statewide transportation network. We appreciate your leadership in helping secure this important investment in Florida's sustainable future.

Sincerely,

Daniel C. Fourmont
President

A FLORIDA MAIN STREET CITY

DEVELOPING OUR FUTURE WHILE PRESERVING OUR PAST
