Stuart, Florida 34994

Re: Florida East Coast Amtrak Service

Dear Mayor Ferreri:

At its February 15, 2009 meeting, the Martin MPO Board discussed the January 28th announcement from the U.S. Department of Transportation (U.S.DOT)-Federal Railroad Administration regarding the applications for the High-Speed Intercity Passenger Rail Program (HSIPR) in the State of Florida. While the U.S. DOT has not initially selected the application to fund the Florida East Coast Amtrak Service, our Board remains committed in its support for this vital rail project. The Martin MPO Board considers this rail project as an essential transportation link that will promote the environmental and economic sustainability of the entire east coast of Florida.

The Martin MPO Board appreciates the commitment of the Treasure Coast Regional Planning Council (TCRPC) in supporting the Florida East Coast Amtrak Service and the HSIPR application process. We encourage the TCRPC to continue its support by submitting a written correspondence to all the MPO/TPO Boards on Florida's east coast and request that they submit a letter to their respective Florida Department of Transportation (FDOT) District Secretaries requesting their full engagement in the FEC Amtrak Corridor Coalition discussions. Please find the attached letter from the Martin MPO to James Wolfe, FDOT-District IV Secretary, requesting his full engagement in the FEC Amtrak Corridor Coalition discussions.

Sincerely,

Mayor Michael Mortell
Martin MPO Chairman

Re: Florida East Coast Amtrak Service

SARAH HEARD
Martin County Commissioner

Dear Secretary Wolfe:

MARY L. HUTCHINSON
Commissioner For
The City Of Stuart

At its February 15, 2009 meeting, the Martin MPO Board discussed the January 28th announcement from the U.S. Department of Transportation (U.S. DOT)-Federal Railroad Administration regarding the applications for the High-Speed Intercity Passenger Rail Program (HSIPR) in the State of Florida. While the U.S. DOT has not initially selected the application to fund the Florida East Coast Amtrak Service, our Board remains committed in its support for this vital rail project. The Martin MPO Board considers this rail project as an essential transportation link that will promote the environmental and economic sustainability of the entire Treasure Coast region.

The Martin MPO Board appreciates the effort of the Florida Department of Transportation (FDOT) in preparing the HSIPR application and pursuing the funding for the Florida East Coast Amtrak Service. We encourage FDOT to build upon the collaborative relationship developed with the U.S. DOT to secure the federal funding that is necessary to complete a project of this importance, and request your full engagement as FDOT-District IV Secretary in the FEC Amtrak Corridor Coalition discussions.

Sincerely,

Mayor Michael Mortell
Martin MPO Chairman
